

## PROFESSIONAL GRADUATE PROGRAMS

#### DEGREE-SEEKING GRADUATE STUDENT WITHDRAWAL FROM THE UNIVERSITY

This form is for the use of students enrolled in <u>Professional Graduate Programs</u> administered through Extended Studies.

Graduate students admitted to the University of Maryland are expected to make satisfactory progress in meeting programmatic requirements, must demonstrate the ability to succeed in his or her course of studies or research, must attain performance minima specified by the graduate program in all or in particular courses, and complete their degree within the established time limits. The University, however, understands that in exceptional circumstances a student may find it necessary to completely withdraw from all classes. Any graduate student considering withdrawal must meet with their Academic Program Director before leaving the University. The Academic Program Director may be able to recommend alternative strategies for preserving the semester/term. A withdrawal can be processed at any time between the first and last day of classes.
